

In response to the Covid-19 dynamic, we want our clients and guests to feel comfortable both planning and attending events with The Party Team. The Party Team is taking the following precautions to protect both our staff and your guests.

1. Temporal scans of our staff as they enter your event, along with a questionnaire to confirm that the team member has not experienced any symptoms of Covid-19 and that they have not been around any person experiencing symptoms.
2. Staff are asked to wash their hands on arrival to your event.
3. UVC wand of table felts, bumpers, cards and chips.
4. Sterilizing dice after each roller at the craps table
5. Hand sanitizer at each casino table
6. Staff in masks
7. Social distancing at the casino tables at current state guidelines
 - a. Discounts on adding additional tables for gaming spots for your guests.
8. Several virtual options for guests and events.

Hope to see you at a party soon,

Travis Fryback
Owner
